Shaft Size: **35mm Exit Shaft**

Outer Diameter: **58mm**

SETTINGS

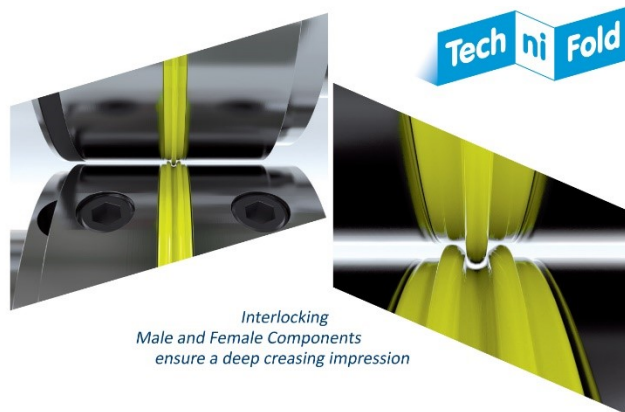

Additional Information

Compatible with Stahl & MBO Machines with widths 56 - 80cms.

How it works...

This attachment is designed to be used with your existing Fast-Fit Male Creasing Rib Holder (see picture below for illustration of them working together):

Interlocking Male and Female Components ensure a deep creasing impression

Optional

White Very Narrow Female Receiver Ring (FF-DSF/35-NY-W):
used to crease material weights between 60-200gsm
