SETTINGS

Additional Information

How it works...

Instead of the traditional metal receiving grooves in the previous Tri-Creaser Fast-Fit, the nylon Female Receiver Rings are fitted with a special profile designed to apply a double-reverse crease either side of the male creasing rib.

Optional Items

If fibre cracking is not a problem these deep and penetrating nylon ribs are ideal for laminated and section work:

FF-PC/DM-Y **Yellow** heavy crease

FF-PC/DM-B **Blue** medium crease

FF-PC/DM-R **Red** light crease

Black Extra Wide Female Receiver Ring (RS-NY/FE):

used to crease material weights 300gsm and above

Contents of Package

1x Male Creasing Rib Holder Component (M):

contains the split gripper crease ribs

1x Orange Split Gripper Crease (M-124BSX):

used to crease material weight between 85-150gsm
